**DATE:** 24th November, 2026

**TO: ALL STUDENTS**

**REF:** MSU/FIN/SF/082Vol.2(95)

**RE: FEES PAYMENT REQUIREMENTS FOR THE 2026/2027 ACADEMIC YEAR, SEMESTER ONE**

As we approach the middle of the First semester, all students are required to settle their household fees component. This includes full payment for the current semester as well as any outstanding balances from previous academic years. Prompt attention to this matter is essential to avoid any disruption to your academic progress.

Please note that students with outstanding household fees component will not be allowed to sit for the end of semester examinations.

Further, students who have not applied for loans or scholarships are expected to bear the full cost of their programmes. This highlights the importance of proactive financial planning and engaging with the University's Fund Board for scholarship and the Higher Education Loans Board (HELB) for tuition loan where applicable.

Should you require any clarification regarding your fee statement, the University Student Finance office is available to provide the same.
