(i) SCHOOL OF PHARMACY

EXTERNAL PART TIME LECTURERS SPECIFICATIONS FOR 2026/2027 ACADEMIC YEAR

(i) Department of Pharmacology & Pharmacognocny

	Courses to be taught per semester (Code and Title)	Specifications/Qualifications of part time lecturers
1st Term	NSC 200 -Clinical Pharmacology	B. Pharm., or MB.ChB. plus Masters in Pharmacology or Clinical Pharmacy
	PPS 403 -Pharmacognosy II Parts I & II	Pharm. plus Masters in Pharmacognosy and alternative medicine
2nd Term	PPS 403 -Pharmacognosy II Part III	Pharm. plus Masters in Pharmacognosy and alternative medicine

(ii) Department of Pharmaceutics and Pharmacy Practice

	Courses to be taught per semester (Code and Title)	Specifications/Qualifications of part time lecturers
1st Term	PPS 505 -Leadership & Pharmacy Management	B. Pharm. plus Masters in Pharmacovigilance or Hospital Administration. A post graduate qualification in Business Management & Administration will be considered
3rd Term	PCH 100 - Behavioral Sciences	MSc in Sociology / Behavioral Sciences

1. SCHOOL OF PLANNING AND ARCHITECTURE

Department	Courses to be taught per semester (Code and Title)	Specifications/Qualifications of part time lecturers
2. Department of Urban and Regional Planning		
	PUR 332 Marine Spatial Planning	PHD Planning MA Project Planning & Management MA Urban and regional Planning MA Urban Management

4. SCHOOL OF PHYSICAL AND BIOLOGICAL SCIENCES
EXTERNAL PART TIME LECTURERS SPECIFICATIONS FOR 2026/2027 ACADEMIC YEAR

(i) Department of Botany

School/Department	Courses to be taught per semester (Code and Title)	Specifications/Qualifications of part time lecturers
1st Semester	SBT 101: Plant structure & Function	MSC in any field in Botany- MSC Plant physiology & Biochemistry/ Plant taxonomy and Economic Botany/ Plant Ecology/ Microbiology High Priority (added advantage) for PhD Candidates in the Department of Botany, Maseno University
	SBT 201: Gymnosperm & Angiosperm Taxonomy	MSC in any field in Botany- MSC Plant physiology & Biochemistry/ Plant taxonomy and Economic Botany/ Plant Ecology/ Microbiology High Priority (added advantage) for PhD Candidates in the Department of Botany, Maseno University
	SBT 321: Fundamentals of Microbiology	PhD in any field in Botany- PhD Plant physiology & Biochemistry/ Plant taxonomy and Economic Botany/ Plant Ecology/ Microbiology
	SBT 401: Plant Biochemistry & Physiology	MSC in any field in Botany- MSC Plant physiology & Biochemistry/ Plant taxonomy and Economic Botany/ Plant Ecology High Priority (added advantage) for PhD Candidates in the Department of Botany, Maseno University
	SBT 403: Biosystematics & Palynology	MSC in any field in Botany- MSC Plant physiology & Biochemistry/ Plant taxonomy and Economic Botany/ Plant Ecology/ Microbiology High Priority (added advantage) for PhD Candidates in the Department of Botany, Maseno University
2nd Semester	SBT 102: Survey of Plant Kingdom	MSC in any field in Botany- MSC Plant physiology & Biochemistry/ Plant taxonomy and Economic Botany/ Plant Ecology/ Microbiology

		High Priority (added advantage) for PhD Candidates in the Department of Botany, Maseno University
	SBT 104: Fundamentals of Ecology & Conservation	MSC in any field in Botany- MSC Plant physiology & Biochemistry/ Plant taxonomy and Economic Botany/ Plant Ecology/ High Priority (added advantage) for PhD Candidates in the Department of Botany, Maseno University
	SBT 206: Introductory Biochemistry	MSC Plant physiology & Biochemistry High Priority (added advantage) for PhD Candidates in the Department of Botany, Maseno University
	SBT 304: Bryology & Pteridology	MSC in any field in Botany- MSC Plant physiology & Biochemistry/ Plant taxonomy and Economic Botany/ Plant Ecology/ Agroforestry High Priority (added advantage) for PhD Candidates in the Department of Botany, Maseno University
	SBT 402: Morphogenesis & Anatomy	MSC Plant physiology & Biochemistry/ Plant taxonomy and Economic Botany/ Plant Ecology/ Agroforestry High Priority (added advantage) for PhD Candidates in the Department of Botany, Maseno University

(ii) Physics & Materials Science		
1st Semester	SPH 101: Mechanics	MSc Physics High Priority (added advantage) for PhD Candidates in the Department of Physics & Materials Science, Maseno University
	SPH 207: Special Relativity	MSc Physics High Priority (added advantage) for PhD Candidates in the Department of Physics & Materials Science, Maseno University

	SPH 215: Scientific Computing Lab I	MSc Physics High Priority (added advantage) for PhD Candidates in the Department of Physics & Materials Science, Maseno University
	SPH 327: Quantum-Classical Physics and Semiconductors Lab.	MSc Physics High Priority (added advantage) for PhD Candidates in the Department of Physics & Materials Science, Maseno University
	SPH 331: Scientific Computing Lab III	MSc Physics High Priority (added advantage) for PhD Candidates in the Department of Physics & Materials Science, Maseno University
	SPH 427: Radiation Physics	MSc Physics High Priority (added advantage) for PhD Candidates in the Department of Physics & Materials Science, Maseno University
	SPH 429: Materials Science Solid State Electronics Lab	MSc Physics High Priority (added advantage) for PhD Candidates in the Department of Physics & Materials Science, Maseno University
2nd Semester	SPH 212: Computational PhysicsII	MSc Physics High Priority (added advantage) for PhD Candidates in the Department of Physics & Materials Science, Maseno University

	SPH 402: Statistical Mechanics	MSc Physics High Priority (added advantage) for PhD Candidates in the Department of Physics & Materials Science, Maseno University
--	---	---

(iii) Department of Zoology		
1st Semester	SZL 878 Genomics and Bioinformatics	PHD in Genemics/ Bioinformatics/Computational Biology/Molecular Biology or equivalent
	SIT 421 Biocomputers	Msc in Genomics/ Bioinformatics/Computational Biology/Molecular Biology or equivalent
2nd Semester	SIT 424 GENOMICS	Msc in Genomics/ Bioinformatics/Computational Biology/Molecular Biology or equivalent
	SIT 425 Molecular Evolution and phylogenetics	At least an Msc in Genomics/ Bioinformatics/Computational Biology/Molecular Biology or equivalent

5. SCHOOL OF NURSING

EXTERNAL PART TIME LECTURERS SPECIFICATIONS FOR 2026/2027 ACADEMIC YEAR

School/Department	Courses to be taught per semester (Code and Title)	Specifications/Qualifications of part-time lecturers
1. Department of Nursing Education Leadership and Research		
1st TERM	HIT 301: Multimedia and Graphics in Health	MSc Information Technology
	HIT 401 Social and Professional Issues in Health IT	
2nd Semester	HIT 304: Data Management in Health	
	HIT 402: Health Information Systems Analysis & Design	

(i) SCHOOL OF AGRICULTURE, FOOD SECURITY AND ENVIRONMENTAL SCIENCE

EXTERNAL PART TIME LECTURERS SPECIFICATIONS FOR 2026/2027 ACADEMIC YEAR

Department	Course	Specification/ Qualification of part-time lecturers
Agric Econ & Rural Devt	AEX 808 Communication Media and Information Technology	MSc/PhD Agricultural extension

Environmental Science	FIT 301 Agricultural and Environmental Information System Design and Development FIT 303 Geographical Information Systems FIT 401 Electronic data capture and Transmission System	MSc/PhD GIS/ Data Science/Environmental Science/ Agricultural Science
	FIT 402 Agricultural and Environmental Management Information System FIT 304 Electronic Commerce in Agriculture FIT 404 Modelling in Agricultural & Environmental Systems	MSc/PhD GIS/ Data Science/Environmental Science/ Agricultural Science

(ii) SCHOOL OF MEDICINE

EXTERNAL PART TIME LECTURERS SPECIFICATIONS FOR 2026/2027 ACADEMIC YEAR

(i) Department of Family and Emergency Medicine

	Courses to be taught per semester (Code and Title)	Specifications/Qualifications of part time lecturers
Term 1	MCH 500 Occupational Health and Safety	Specialist qualification in Occupational Health and Safety, preferably an MPH in Occupational Health and Safety or an equivalent relevant master's degree from a recognized university.
	MCH 100. Behavioral sciences	Specialist qualification in Behavioural Sciences, preferably an MSc or MA in Behavioural Sciences, Psychology, Sociology, Medical Sociology, or an equivalent relevant master's degree from a recognized university.
Term 2	MCH 500 Occupational Health and Safety	Specialist qualification in Occupational Health and Safety, preferably an MPH in Occupational Health and Safety or an equivalent relevant master's degree from a recognized university.
	MCH 100. Behavioral sciences	Specialist qualification in Behavioral Sciences, preferably an MSc or MA in Behavioural Sciences, Psychology, Sociology, Medical Sociology, or an equivalent relevant master's degree from a recognized university.
Term 3	MCH 500 Occupational Health and Safety	Specialist qualification in Occupational Health and Safety, preferably an MPH in Occupational Health and Safety or an equivalent relevant master's degree from a recognized university.
	MCH 100. Behavioral sciences	Specialist qualification in Behavioural Sciences, preferably an MSc or MA in Behavioural Sciences, Psychology, Sociology, Medical Sociology, or an equivalent relevant master's degree from a recognized university.
